Battle Through Rain

Gen Sir Bernard L. Montgomery's Eighth army fought through downpours to improve its positions in the Orsogna area, 20 miles inland from the Adriatic.

(An Algiers radio broadcast said Montgomery's men had forced the crossing of the Moro river and had advanced to within eight miles of Pescara, Adriatic terminal of the trans-peninsula railway to Rome. A Moscow radio broadcast said the Eighth army had reached the suburbs of Ortona, about eight miles below Pescara.)

Improved weather and subsiding floods favored fighting on the Fifth army front where it was reported enclosed Calabritto on the southern slopes of Mt. Camino had changed hands several times in recent days before finally falling into firm allied possession

In the Venafro area the Germans launched several sharp counterattacks, but the Americans prevented them from having conclusive results.

Bombers Over Greece

American heavy bombers took the off-traveled route to Greece and yesterday, attacking enemy grounds at Elevsis and Tatoi, west and north of Athens.

A smaller allied bombing force blasted harbor installations and shipping at San Stefano, 80 miles northwest of Rome

The air command said all targets were well covered.

Medium bombers hit the railroad center at Orta, inland above Civitavecchia, port 45 miles northwest of the Italian capital, and the railway town of Terni, 60 miles northeast of Rome on the Rome-Ancona line

Fighter aircraft shot up enemy ground positions and communications in the battle areas.

Seven enemy aircraft were destroyed during the day's operations and seven allied planes were missing.

NO FEAR FOR U. S. INDUSTRY

NAM Head Sees No Danger in Industrialization of Other Countries.

By The Associated Press.

NEW YORK, Dec. 9 — William P. Witherow, chairman of the National Association of Manufacturers, said today business men "must not fear the industrialization of other nations' and declared "it has definite advantages for us"

Referring to the part America must play in world reconstruction, Witherow, president of Blaw-Knox Co. of Pittsburgh, said in an address prepared for delivery before the 48th annual meeting of the NAM

"It may cause some shift in the type of some of our imports, but the industrialization of South America, for example, should make more customers for American products, putting purchasing power in the pockets of millions of underprivileged who never were customers before"

Before the NAM convention in December, 1942, Witherow had said,

"I am not fighting for a quart of milk for every Hottentot, or for a TVA on the Danube, or for governmental handouts of free Utopia"

Recalls Criticism

Calling attention to the "storm of concern" over that address, Witherow continued

"You see, the answer to the Hottentots dilemma is that we would make him a capitalist, capable of producing for his own welfare and security and contributing to the welfare of his own and other countries."

Witherow said trade realism would "cause us to do three things quickly after this war

"1 Provide funds for emergency relief of distressed nations

2 Early stop of lend-lease for post-war purposes.

3 Agree on a settlement of past lend-lease on a basis that is possible of liquidation, thereby taking the uncertainty of these obligations out of the trade picture

Hershey Speaks

Maj Gen Lewis B. Hershey told a NAM manpower panel discussion last night at least six months more of draft must be expected before armed service demands for manpower taper off to only maintenance levels.

"In the future, age is to be a factor," the selective service director said. "You will have a greater chance to retain the older rather than the younger worker"

He said at present about 10,000,000 men were in the Army and Navy and that there were only 13,000,000 left in the eligible 18-38 age group to "furnish 1,900,000 to 2,100,000 to the armed forces" during the next six months.

Gen. Hershey said he thought about 1,000,000 could be obtained from the father group between now and next June 30, another 400,000 boys would become 18 and then be eligible, possibly 100,000 reaching 17 years old would enlist and the remainder would come from those now deferred, farm exempted, and 4-Fs.

War Summary

TURKEY—Germany and Turkey send troops to Bulgarian border All traffic across line halted.

NEW BRITAIN—Jap bases on New Britain under heavy sustained attack from air.

ITALY—Eighth Army seizes important mountain positions as Clark's men push into valley along road to Rome.

MARSHALLS—Japs pay heavy price of six ships and 72 planes in U. S. air attack on Marshall islands.

RUSSIA—Large German force is threatened with encirclement as Russians outflank important rail center.

CHINESE—Chiang's troops recapture city given up last week at heavy cost

CARRYING CAPACITY OF FORTS INCREASED

By The Associated Press

LONDON, Dec 9—The deadly punch of America's already formidable Flying Fortresses has been increased by 2,000 pounds of high explosives, while both Fortresses and Liberators now bristle with additional defensive guns.

In announcing the improvements today, the Eighth U S airforce said its heavier bombs are now far deadlier weapons with addition of external bomb racks which increase the Fortresses' bomb load to four tons, together with chin turrets on the Fortresses and two new power turrets on the Liberators

The new bomb racks can be bolted across the wings between the engines in half an hour

They mean some sacrifice in range and speed, but these possibilities immediately suggest themselves

One Short range, pre-invasion assaults with great loads of explosives, carried out under the protection of fighter escort for approximately 350 mile inland

Two Mass night saturation raiding with the RAF

8 KILLED IN BLAST NEAR GULFPORT, MISS.

By The Associated Press

GULFPORT, Miss., Dec 9—Eight persons were killed, another critically burned, and three injured today in an explosion and fire at the Phoenix Naval Stores, Inc., plant, five miles north of here.

Company officials estimated property damage at approximately $250,000.

The dead are Henry Jeptha Hurst 37, white, and seven Negro men. Firemen and others at the scene removed the charred bodies from the mass of smouldering debris.

Another Negro man was removed to a Gulfport hospital, not expected to live.

The explosion centered in the extracting unit and two large tanks were blown through the side of the building, one carried about 150 feet by the blast.

Chinese Recapture Important City in "Rice Bowl" Region

U. S. Aircraft Help Drive Japs from Town on Chiang's Supply Line.

By The Associated Press

CHUNGKING, Dec 9—The Chinese high command announced today that Chinese forces had recaptured the strategic city of Changteh in Hunan province, which fell to the Japanese Dec 3 after many days of bloody fighting

The victorious Chinese stroke provides another decisive turn in the bitter battles in which China's vast and [illegible] are the prize. Loss of Changteh last week [illegible] the prospect of an early drive on Changsha, capital of the province

Recapture of Changteh was particularly satisfying to the Chinese in that, by official calculation, only a few more than 300 men of the 57th division survived when the city was abandoned to the Japanese after a 15-day siege.

By holding Changteh the Japanese controlled the "rice bowl" region and stood astride the Chinese army's vital Hunan-Szechwan supply line

A special Chinese communique this morning announced recapture of the city

"News has just been received" it said, "that Chinese troops in northern Hunan re-occupied Changteh at 4 o'clock this morning. They crossed the Yuan river last evening and broke into the city through its east and west gates early this morning."

American aircraft were said to have had a hand in its recapture During the long siege the Yankee fliers dropped food and ammunition and dispersed enemy planes.

Lt. Gen Joseph W. Stilwell's headquarters announced today Mitchells with fighter escort on Tuesday bombed Japanese-held installations in Changteh

In other activities, American fighter planes on the Salween front attacked railway equipment between Mogaung and Myitkyina in northern Burma without loss

The Chinese high command also reported recapture of Tehshan a few miles to the south on the railway linking Changteh and Changsha

A communique said Tehshan was taken by Japanese Dec 8

Chinese troops swept back the enemy on still other fronts, breaking into the important Japanese base of Sinyang in southern Honan province and entering the suburbs of Suihsien in Hupeh province

ISLAND UNDER HEAVY ATTACK

1,300 Tons of Bombs Rip Jap Bases Since End of November.

By The Associated Press

SOUTHWEST PACIFIC ALLIED HEADQUARTERS, Dec 9—One of the most sustained air bombardments of the southwest Pacific war is leveling Japanese shore defenses on New Britain island in the very area where it is open to invasion by Gen Douglas MacArthur's troops on New Guinea.

Since the last week of November, more than 1,300 tons of explosives have ripped at gun positions and supply dumps even as Australians enlarged the potential jumping off place on the New Guinea on the Huon peninsula.

The bombardments were opened against Gasmata, air base and plantation area on the south-central coast which was hit with more than 400 tons in six raids at a cost of only one raider. It also was shelled by destroyers.

Then the bombers switched to the Cape Gloucester area on New Britain's western tip. That air base is separated by only 80 miles of water from the Huon peninsula.

Headquarters announced 193 tons were dumped there by Liberators and Mitchells in the latest raid.

In all these raids, the only opposition mentioned has been anti-aircraft fire. Headquarters said even enemy ground guns had been silenced at Cape Gloucester.

The bombed sector is on the opposite end of the 300-mile long island from Rabaul, once Japan's biggest air and shipping fortress short of Truk in the area.

In the Huon peninsula campaign, latest reports told of Aussies extending their hold along the coast north of Finschafen while in the inland jungle other ground forces appeared on the verge of capturing the trail junction village of Wareo

In the northern Solomons as American ground forces on Bougainville extended their beachhead at Empress August bay, the American airforce kept nearby enemy bases inoperative.

Japs Lose 6 Ships, 72 Planes in New Blow at Marshalls

(More about Marshall Islands on Page 15)

By The Associated Press

PEARL HARBOR, Dec 9—Japan's hard hit navy and air force, trying to bolster the Marshall islands against possible invasion by allied forces on the adjacent Gilbert islands, have lost six more ships and 72 more planes

Adm Chester W. Nimitz announced U. S. carrier task forces raked the enemy-held island group last Saturday in a moonlight attack, sank two light cruisers, one oil tanker and three cargo transports, downed 72 Japanese planes which rose to intercept the attackers and then beat off a desperate seven and one-half hour assault by heavy torpedo bombers as the task forces left the scene.

One American ship was slightly damaged, Nimitz said, and "light" aircraft losses were sustained.

The pounding the Marshalls received left little doubt American forces may be starting their drive to sweep the enemy off the strategic mid-Pacific Marshalls just as they blasted their way into the Gilberts 300 miles to the south less than three weeks ago.

In addition to the six Japanese ships sunk, Nimitz said a troop transport and two cargo ships were damaged. He did not say, however, whether the troop ship was loaded or empty.

Wotje, principal Japanese base in the Marshalls, and Kwajalein atoll were the main targets of the raiders.

After the raid, Japanese airmen made nuisance raids on American forces in the Gilberts.

Commander of the raiding force on the Marshalls was Rear Admiral Charles A. Pownal.

Christmas Trees On Market; Scarcity Pushes Prices Up

First shipments of Christmas trees and other yule season decoratives arrived in Marion this week and a check of local dealers showed today that prices were twice and in some cases three times above last year's figures.

The first few shipments of trees arriving in Marion have been shipped in from either Montana or Washington or trucked here from pine forests in southern Ohio, dealers reported. Up to now no trees have been received from Michigan, northern Pennsylvania, New York or the New England states

The first shipments included trees ranging in size from three to eight feet. Local dealers as a rule have established prices ranging from a low of $1.50 to a high of $7. However, one dealer quoted today a price range of 80 cents to $1.95. These prices were established for a small shipment of Montana trees.

One dealer said that he ordered more trees from more producers this year than ever before, but so far shipments have been slow in coming in. The same dealer stated that no trees have been received as yet from the New England states, where several large orders were placed earlier in the year.

The shortage of trees this year is attributed mainly to transportation and labor shortages and a federal regulation which has prevented the shipment of trees since Nov. 1. As a means of conserving available transportation facilities during the Christmas season the office of defense transportation ruled some time ago that shipments of trees would have to be made before Nov. 1 to assure delivery to retail outlets by Christmas.

Tree dealers also said that a serious shortage of holly and mistletoe also exists, resulting in a substantial increase in the market price of the two decorations.

BAN WAGE CUTS

By The Associated Press

CLEVELAND, Dec. 9—The regional war labor board today warned employers "it is just as illegal to decrease wages without approval of the WLB as it is to increase them," In announcing a wage violation hearing next Thursday for the Dixie Sales Co., a branch of the Capitol City Products Co., Columbus, O.

PREMIER SEES TURKEY NEARER ALLIED CAMP

President Inonu Finds Visit with Roosevelt in Cairo Impressive.

By The Associated Press

ANKARA, Turkey, Dec 9 (Delayed) Premier Menemencioglu today President Inonu's conferences in Cairo with President Roosevelt and Prime Minister Churchill will lead Turkey closer to the allied camp

But he carefully avoided the natural inference that this meant Turkey was nearer to participation in the war.

The foreign minister quoted Inonu as saying he rarely had met so pleasant a man as Roosevelt."

The foreign minister made the first authoritative statement since Inonu's return from Cairo. It had been eagerly awaited in the hope it would shed new light on just where Turkey stands in the war.

While he told allied and Turkish newspapermen Turkey's foreign policy remained unchanged following the Cairo conference, Menemencioglu added

"Our conference was so intimate and friendly that we can say our relations today with America and Russia are almost the same as with England," with which Turkey has an alliance.

Alliance Strengthened

"Our alliance with England emerged from the conference considerably strengthened," the foreign minister continued, laying great stress on the word "considerably."

He said five minutes after they met Roosevelt and Inonu were like friends of 40 years standing

"We have come back from Cairo very content and satisfied The conference was one of the most important events of this phase of the war."

The Turkish executive arrived in Ankara today to find an enthusiastic welcome awaiting him From his special train he stepped down upon a red carpet. A waiting crowd cheered and waved wildly.

Inside the station Inonu shook hands one by one with a long line of diplomats, deputies and officers high in the Turkish military hierarchy

The president was expected to devote a full day to conferences with cabinet ministers and party leaders and perhaps the military as well to give them a first hand account of what occurred and what decisions were reached at Cairo. It was expected any official announcement would be delayed until after these talks

The first Inonu's trip is generally interpreted here as one of the final developments heading Turkey into full-scale war as a member of the United Nations against Germany.

No Immediate Action

(In London, however, British observers made it clear that Turkey's entry into the war was a matter for Turkey to outright assistance to the United Nations—if it ever come—is not expected for several months)

A Turkish communique made no mention of military personnel or military discussions at the meeting but there is an understanding here that military men were present

The Turkish communique said Turkey's participation in the Cairo talks was a "striking manifestation of the alliance which unites Great Britain and Turkey and the solid friendship between Turkey and the United States and Russia."

There was general belief here Inonu has been invited to the conference to discuss war plans, but some maintain Inonu had declined to put Turkey on a full war footing on the grounds she war not fully prepared and would gain nothing from such a step.

ORDERS GUARD TO PAINESVILLE

Lt. Gov. Herbert Acts as Gas Plant Strike Hits Northern Ohio.

By The Associated Press

COLUMBUS, O, Dec 9 — Lt Gov Paul M Herbert, acting at the request of northeastern Ohio officials, ordered state guard officials to Painesville today where a strike has cut off gas for heating and cooking to an estimated 60,000 persons

Herbert, acting in the absence of Gov. Bricker, said requests came from officials of Ashtabula and Lake counties, both left with virtually no gas after negotiations broke down in a strike of 2,000 men which halted all operations of the Diamond Alkali Co., and its subsidiary the Standard Chromate Co. at Fairport Harbor.

Herbert emphasized there was no trouble thus far, but he was interested only in getting operations at the plant resumed.

"Those officials," he said, "told me they had to get operations started soon or the situation would be critical."

Company spokesmen for Standard Chromate, a coke plant which produces artificial gas as a by-product, had not operated since yesterday afternoon and non-production workers were endeavoring to "keep every warm."

Akron Colonel Responds

Col Emerson C Wolfe of Akron, commander of the Second regiment of the guard, left immediately for the scene and Adj. Gen Donald F Pancoast was stopped while enroute to Fort Knox, Ky., and started for Painesville

Herbert selected two delegates shortly before noon. One, from C S Fullerton, city manager of Painesville, said

"Due to strike at Diamond Alkali Co plant in Fairport, Painesville and vicinity threatened with gas shutoff. Painesville now on reserve supply which is good for about three hours. This seriously

HALT TRAFFIC ACROSS LINE TO BULGARIA

Ankara Not Overlooking Possibility of Invasion by Germany.

By The Associated Press

STOCKHOLM, Dec 9 Turkey and Germany have stationed troops along the entire borders of the Turkish border, facing Bulgaria and Greece, a state of emergency has been declared along the entire boundary and all traffic has been halted, reports from Bern Switzerland and the Bulgarian capital said today.

Despatches said the border measures had been ordered as precautionary ones against a possible allied invasion mounted throughout the Balkans

The newspaper Svenska Dagbladet's Berlin correspondent said the Turkish city was not being overlooked of a German invasion of European Turkey in order to reach the vital Dardanelles, especially in view of reports the allies have promised increased assistance to Russia by way of the Dardanelles

State of Emergency

He quoted reports from Ankara and a Sofia dispatch from the southeastern Europe information bureau that the state of emergency had been declared along the border

The Svenska Dagbladet correspondent said a strong detachment of Turkish troops had taken up positions along the entire border, and that two German divisions had been moved up to the Bulgarian border against any attempted allied invasion through Turkey.

Other Bern reports said there was tense expectancy throughout southeastern Europe that Turkey would take a more active part in the war.

Turkey Given Weapons

Large supplies of weapons and hundreds of planes were reported to have reached Turkey recently.

Reports from Berlin said some sources there expressed belief the talk of a Balkan invasion might be part of an allied nerve war to screen even more important operations in other theaters.

Disturbances within Bulgaria and roundups of hundreds of persons by the German Gestapo and Bulgarian army police were reported also, and a Budapest dispatch to the Stockholm newspaper Social Demokraten said many arrests had been made following demonstrations at Sofia.

The newspaper said it had learned from private sources the situation was desperate in the Bulgarian army, with many soldiers deserting to the Greek and Yugoslavia guerrilla forces

Swedish correspondents in Berlin quoted a foreign office spokesman as saying Germany still has a non-aggression pact with Turkey and expected to make no comment on the Inonu-Roosevelt-Churchill talks until the Turks make some move or declaration.

DELAY IS SOUGHT ON SUBSIDY VOTE

By The Associated Press

WASHINGTON, Dec. 9 — A short "cooling off" period on the food subsidy issue—until just after the Christmas holidays—was proposed by Senator Ellender (D-La) today as opposition mounted to a suggestion that the matter be put aside for 60 days.

Ellender, a leader of the administration forces battling to save subsidies as a means of holding the line on living costs, said the senate would be able to "vote more intelligently" if members could go home at Christmas time and sound out local sentiment.

"Subsidies can't possibly get the consideration they deserve in the brief time remaining before the holidays," Ellender said. "Everybody is mad and tired out. A postponement of 10 or 15 days might be all that is necessary to let the senators find out how people at home feel about the question, and it certainly is important enough that they should have that opportunity."

Earlier suggestions for a 60-day delay drew fire from farm bloc spokesmen and from War Food Administrator Marvin Jones who said delay might hinder farmers in planning their 1944 crop programs.

FLU HITS COLUMBUS

By The Associated Press

COLUMBUS, O., Dec. 9—Two thousand cases of influenza have been reported here, Health Commissioner Nelson C. Dysart said, adding he felt it was a "conservative estimate." However, the disease has not yet reached epidemic proportions, he said.

RAIL PAY BACKERS MOVE FOR ACTION

By The Associated Press

WASHINGTON, Dec. 9—Ignoring blunt-spoken opposition from the administration, senate backers of a pay hike for 1,000,000 non-operating railroad workers hustled the proposal toward what looked like an overwhelming vote of approval today.

The increase was singled out by War Mobilization Director James F. Byrnes Tuesday night in an attack on "special groups" which he said were menacing the administration fight to hold the cost of living line.

Proponents of the Truman resolution to grant the workers a flat increase of eight cents an hour predicted it would go through the senate with little or no opposition.

Byrnes contends the pay hike would violate the little steel agreement limiting war-time salary increases to 15 per cent

Proponents of the Truman resolution argue that the little steel formula is not involved because, they said, the non-operating workers never have had salary adjustments under that agreement.

WAR DEPT. FILM HITS U. S. BASES IN SIBERIA

By The Associated Press

NEW YORK, Dec 8—The narrator in an official war department film soon to be shown war plant workers suggests that use of Siberian bases would involve Russia in war with Japan and thus "endanger the plans of our own army."

A sound track narrative accompanying the [illegible] devoted mainly to [illegible] now [illegible] and Italy still are [illegible]

"What [illegible] Siberian bases for stocking [illegible] at the end of a long supply line [which is particularly] vulnerable from [illegible]

"The Japanese army has 500,000 troops deployed along this supply route. Use of the Russians' use these bases to bomb Japan, the bases immediately would be [illegible] and Russia would be involved in a two-front war.

"Russia is engaging the main Nazi strength and a two-front war for Russia would diminish the pressure of the worried Nazis and endanger the plans of our own army."

The narrator also dismisses the idea that Germany can be licked by air power alone.

"From England," he says, "our 8th Air Force is systematically bombing Germany's industry, but we can never have enough planes or bombs to wipe out so big an industrial nation."

The film is to be shown to 10,000,000 war plant workers starting Dec. 15

STARTS OWN PLANT

By The Associated Press

ALCOA, Tenn.—Luke Bradley, a war plant worker, has started a war plant all his own. He converts automobile springs into razor-sharp disks for use of overseas soldiers. Bradley says at least 100 soldiers on the battle lines are equipped with his weapons.

OHIO PILOT SURVIVES BALLOON CABLE CRASH

One of Few To Live After Tangling Plane.

AT A U S AIR BASE IN ENGLAND (CORRESPONDENT OF THE ASSOCIATED PRESS)—Lt. Arthur S. Waldron of Cleveland, O., is one born-to-be-hanged pilot.

He is one of the rare pilots who have struck a barrage balloon cable and survived to tell about it. He wasn't even scratched.

Waldron, a photo-reconnaissance pilot, and [illegible] were flying [illegible] from France, where he had photographed two bomber targets.

The compass on his P-38 wasn't working and a heavy fog closed in over the English channel and the southeast coast of England.

"I didn't know where I was going," he said. "At 600 feet altitude I couldn't even see the ground. No wonder I hit the cable.

The barrage balloons are flown as a defense measure. It's ordinarily 'curtains' for German planes which collide with the balloons or the metal cables anchoring them to the ground.

"Luckily it was one of the propellers which hit the cable," the pilot said. "The prop snipped it in two. This gave the plane a jolt. I thought some of the right would be knocked off, but nothing happened."

Thanks to instruments radioed, he landed safely at an RAF base. His Lightning had only a few minutes' gas left.

The U. S. geological survey, using aerial photography, has completed the "photogrammetric mapping" of eleven states.

CALLS FAIR HIRING MAIDS

By The Associated Press

[illegible] Tex.—A housewife [illegible] a worker for her [illegible] to work, was offered a [illegible] enterprising woman [illegible] later the woman [illegible] the main she could [illegible] make more money and have better hours at the plant. The maid [illegible] got to [illegible] the telephone [illegible] report that morning.

HOW TO GIVE YOUR CHILDREN EXTRA IRON
THREE DELICIOUS WAYS

RICH IN THE FLAVOR CHILDREN LOVE ... and rich in iron, too—that's Brer Rabbit Molasses!

Scientific tests have shown Brer Rabbit is second only to liver as a rich food source of iron the body can use. Three tablespoons supply about one-third of a child's minimum daily iron requirements.

So serve Brer Rabbit daily—on cereal ... in gingerbread or cookies ... in refreshing Brer Rabbit Milk Shake, made by mixing one tablespoon of Brer Rabbit Molasses with a glass of milk.

To meet taste preferences, Brer Rabbit Molasses comes in two flavors: Gold Label—light, mild-flavored; Green Label—dark, full-flavored.

Carey Junior Class To Present Comedy

CAREY—Here Comes Charlie, a comedy, will be presented by the junior class of Carey High school Friday evening, Dec. 10. The cast includes Arlene Rishle, Eugene Ulrich, Barbara Johnson, Eugene Jacoby, Donald Brown, Anita Johnson, Arapin Byers, Donald Kreps, Rosemary Rook and Richard Blank.

• • •

The district convention of the Pythian Sisters was held Tuesday at Bloomdale. The officers of Carey Temple, No. 169, demonstrated the ballot. Mrs. Elmer Harshberger was the delegate from Carey and Mrs. Myrtle Persons was on the resolution committee. Mrs. Clarence Tucker of Carey was service protector.

Lt. James R. Lonsdon of near Carey is now stationed at Laughlin Army Air Field, Del Rio, Tex., where he will receive a nine-week specializing course in piloting the Martin B-26 Marauder.

Pfc. Joseph Derr is spending a 13-day furlough with his parents. He is stationed at Fort Bliss, Tex.

Pfc. Felix L. Lab of Keesler Field, Miss., is spending a 10-day furlough with his parents.

Cpl. Henry Predritz of Camp Maxey, Tex., is spending a 10-day furlough with his parents.

Mrs. Ralph Musgrave of Carey has received word that her husband, Pvt. Musgrave, has arrived in Italy.

Pvt. Joe Mullholand returned to Fort Riley, Kan., after a 12-day furlough with his parents.

Some Ways To Cook Up a Christmas Gift

PANTRY SHELF GIFTS: Marmalades, jams and jellies are attractive gifts.

Carrot Marmalade

[illegible]

By MRS. ALEXANDER GEORGE
Associated Press Food Editor

A Christmas gift that comes out of the kitchen will be appreciated more than ever this year.

A few jars of Victory garden tomatoes, beans or peas packed with three or four glasses of jelly, jam and relish in a stout market basket will make a wonderful "from our family to your family" present.

Despite shortages and high prices, there are dried and fresh fruits available for making up holiday treats in the spread or relish line. These will do much to improve the taste-appeal of rationed meals.

PINEAPPLE GRAPEFRUIT MARMALADE is a dainty holiday gift. This spread, with its tart flavor, is especially appealing to serve with meals, towl or hot breads. And it is very good for sandwiches. Cut a large grapefruit and lemon into thin slices. Discard any seeds. Measure the fruit and add 3 cups of water for each cup of prepared fruit. Let stand over night, cook gently for 2 hours or until rind is very tender when tested with fork. Add 2 cups crushed or finely sliced pineapple and boil slowly 30 minutes. Let stand again over night. Measure and add equal amounts of sugar. Boil gently until a small portion of the mixture "sheets" (2 drops run together) off a spoon. Pour into small sterilized glasses and seal at once with melted paraffin.

Odd shaped jars or bottles make interesting containers for these Christmas treats. Often unique jam pots can be purchased at low cost. Small cold cream jars of uniform size containing different jams and assembled in a shallow basket or box make gay gifts, especially if you wrap the jars or glasses in holiday trappings.

Fresh pears are available in some markets so if you can buy some try this **HOLIDAY PEAR MARMALADE:** Wash, peel and core 4 pounds of pears. Chop or grind. Wash and grind 2 oranges and a lemon (discard seeds, of course). Mix fruits and 6 cups sugar. Let stand 30 minutes. Boil gently until thick and quite clear. Stir frequently with wooden spoon. Pour into sterilized glasses—half pints are suggested. Seal with paraffin and keep in cool, dark place until time to pack for holiday giving.

FRUIT SPREAD is something new and delicious. Mix together 2-3 cup each chopped pitted dates and raisins, 1 cup sugar, 3 tablespoons flour, ¼ teaspoon salt and 1-3 cup corn syrup. Add 1 tablespoon lemon juice and ½ teaspoon each grated lemon and orange rinds. Simmer, about 15 minutes or until thick and creamy. Stir frequently. Add 2 tablespoons margarine or butter and mix thoroughly. Pour into small sterilized jars, cool and seal with melted paraffin.

CRANBERRY RELISH is excellent with fowl or meats. Mix together 1 cups washed cranberries, 1 tablespoon vinegar, ½ teaspoon cinnamon and ¼ teaspoon each mace, cloves and salt. Add 4 cups sugar or 3 cups sugar and 1 cup light corn syrup. Let stand 10 minutes. Boil over moderate heat for 10 minutes. Stir frequently. Pour into small jars (sterilized). Seal at once.

TAKES OUT PETITIONS

COLUMBUS, O., Dec. 8—Reed M. Winegardner of Washington C. H., chairman of the Fayette county Democratic executive committee, asked the secretary of state today for nominating petitions for lieutenant governor. Winegardner was an unsuccessful candidate for the same office in the 1940 and 1942 primaries.

JAPS TAKE CHINESE CITY

CHUNGKING, Dec. 8 — The Chinese high command acknowledged here today fall of the ancient city of Changteh to the enemy represented a severe economic and military blow to China. Loss of the city opened the prospect of a new Japanese drive on Changsha, capital of Hunan province, which the invaders thrice before have tried unsuccessfully to take.

Officers Elected by D. U. V. Tent

Mrs. Alma Anderson was elected president of Harriet Beecher Stowe Tent No. 48, D.U.V., in a meeting Tuesday afternoon commemorating the fifty-eighth anniversary of organization of the mother camp in Massillon, O., Dec. 12, 1885. Mrs. Emma Wedertz was in charge of a program. The relief committee reported $30 in relief given out since the last meeting. In the social hour Mrs. M. F. McCammon won a contest award. Plans will be made in a meeting Dec. 21, for installing officers at the first meeting in January. Officers to be installed at that time, besides Mrs. Anderson, president, will be Mrs. Emma Smith, senior vice president; Mrs. Victoria Thomas, junior vice president; Mrs. Lou Flocken, chaplain and Mrs. Gail Montgomery, treasurer, both of whom held the same office this year. Mrs. McCammon, member of Council No. 1; Mrs. Martha Connell, member of Council No. 2; Mrs. Brettie Warne, member of Council No. 3; Mrs. Wedertz, re-elected patriotic instructor. A group of appointed officers will be installed in the January meeting in addition to those elected Tuesday night.

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Asks for Report

Herbert conferred by telephone with William Appleton, [illegible] deputy sheriff of Lake county and asked him to go to the closed plants, determine what "could or should be done" and report back as quickly as possible.

The lieutenant governor also was trying to reach plant officials, he said.

Bricker was in Indianapolis today attending a Shrine meeting. He had planned to go directly from there to New York.

Company officials reported a picket line of 300 quietly patrolled the Diamond Co. gate at the 7 a. m. shift change today, and turned back about 300 office workers.

A company spokesman said an agreement was reached last night as a basis for further negotiations to end the stoppage, which reportedly started in a dispute over a foreman, but "was not fulfilled by the union."

Painesville City Manager Clifford S. Fullerton called air raid wardens and other civilian defense workers to warn householders to turn off pilot lights and other automatic gas appliances.

Household gas produced at the plants is distributed by the Painesville City Gas Co., the Lake County Gas Co. at Willoughby, and the Lakeshore Gas Co. at Ashtabula.

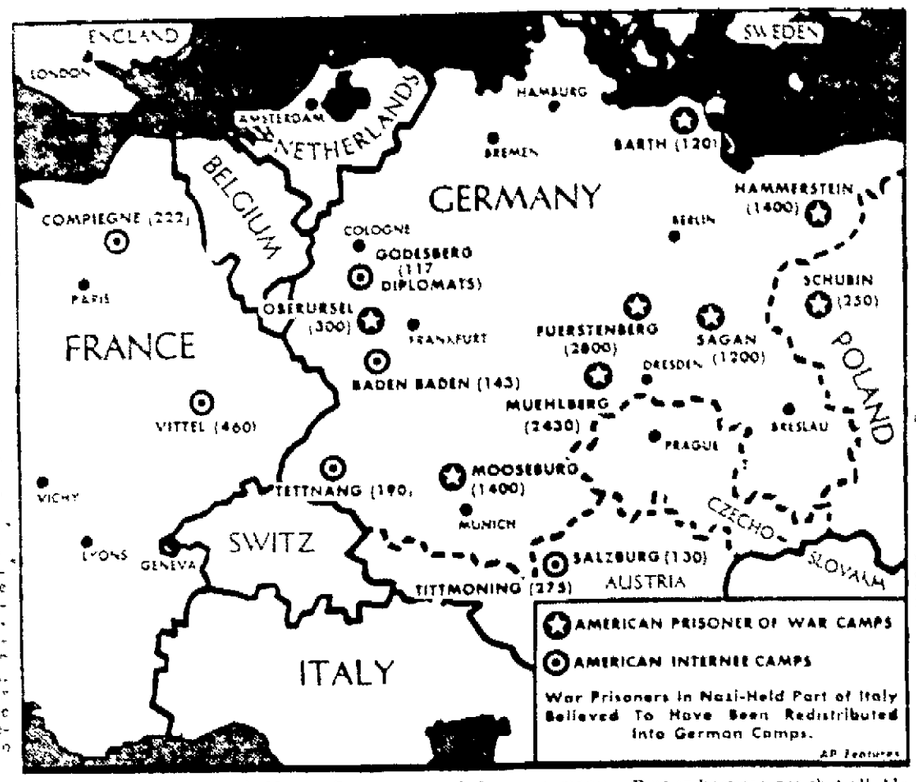
Locations of German Prison Camps



These are the principal Nazi camps where Allied prisoners of war and internees are held. After the collapse of Italy, the Germans rounded up as many prisoners as they could find in the south, and transferred them out of the reach of Allied armies. Best indications are that all Allied prisoners were sent to Germany. Figures on the numbers of prisoners at each camp were compiled by the Red Cross.

TO EXHUME M'COY BODIES

Sheriff To Seek Guns in Caskets While Autopsy Is Peformed.

By The Associated Press

WASHINGTON C. H., Dec. 9—Prosecutor John B. Hill said today the bodies of the [illegible] McCoys would be exhumed [illegible] the next few days [illegible] might be performed.

No post-mortem was [illegible] to burial of Elmer McCoy, wife, Forest, and daughter Mildred, who were murdered [illegible] giving eve.

Reports also circulated here [illegible] the effect the missing guns [illegible] triple slaying might [illegible] dumped into one of the caskets [illegible] buried with the bodies.

Hill and Sheriff W. H. Ireland however discounted the stories but said they would search the caskets when they were raised if the weapons had not been found meanwhile.

S. F. Cox member of [illegible] undertaking firm that conducted the funeral, said he "had a thought the guns were slipped [illegible] casket but added it [illegible] possible." More than 1,500 persons [illegible] past the bodies during [illegible] preceding the funeral Nov. 27.

The three members of the family were found shot to death on their farm here Thanksgiving day. McCoy and a 22-year-old daughter each had been shot once through the head [illegible] with a 38 caliber [illegible] while Mrs. McCoy had been shot at least six times with both 32 and 38 caliber bullets.

James W. Collett, 60-year-old brother-in-law of the slain McCoy was charged with first-degree murder in Elmer McCoy's death after Prosecutor John B. Hill said, he confessed to shooting the hog-breeder during an argument over farm rental he claimed McCoy owed Mrs. Collett.

Hill said Collett contended he remembered nothing after the shooting and that he has failed to help officials in the search for the missing guns.

Officials have searched the suspect's prosperous farm at Kingman in Clinton county and yesterday employed metal detectors in going over McCoy's 161 acres with no results.

Return Five Indictments in Court at Bucyrus

Special to The Star

BUCYRUS, Dec. 9—Five indictments, three of them secret, were returned by the grand jury Tuesday in the shortest session in many years.

In session for only one day, the jury considered evidence in seven cases, ignoring two.

In the one indictment made public, Amos Holt and Odell Green were jointly indicted for larceny, a charge growing out of the theft of personal property belonging to Orins Rapier. The property involved was valued at $29.

Russell Robertson of the U. S. navy, formerly of Galion, was indicted for rape of a Galion girl in the second indictment. Robertson, placed under $2,000 bond at the time of his arrest, was later released to the navy.

The accused persons will be arraigned Saturday morning at 10 o'clock.

A recent survey shows that 8,000,000 lunch boxes are packed daily throughout the country for war workers.

Harding Faces Tough Foe On Bexley Cage Court Tomorrow

The roaring Bexley Lions, who already have mauled one opponent this season, have a collective eye on their foe of tomorrow night, the Marion Harding Presidents, who were taught a lesson in the fine points of basketball by Columbus North Tuesday.

The game will be played on the Bexley floor and the starting time is 8:15. No reserve preliminary will be played.

The Prexies have plenty to fear from Bexley, which has seven lettermen from the top-flight 1942-43 squad returning, including three regulars of last winter's mighty quintet.

The Lions spot the locals one game's experience this season, having played one contest to Harding's two. However, Carlton H. Smith's Bexleyites have the edge in the percentage column with one win, a 34 to 33 edging of Columbus Aquinas, and no setbacks. Harding won its opener with Delaware 32 to 14 and Tuesday night fell before a classy North team, 31 to 29.

Tomorrow night's tracks will be the final non-N. C. O. engagement of the season for the Presidents prior to the central district tournament in Columbus in March. After the tangle with the Lions, Coach Dewey N. Boyher's Chief Executives encounter 10 successive North-Central Ohio conference enemies.

5 Lettermen Start

Coach Smith plans to send five lettermen against the Presidents. They are Bill Davies and George Spencer at forwards, Jim Geist at center and Herb Pollock and Sanford Stern at guards. Bob Barrett, who rang up 17 points against Aquinas Friday night, is putting in a strong bid for a starting berth and may be in at a forward slot when the referee's opening whistle blows tomorrow night.

Capt. Jim Legg of Bexley must have taken his name seriously during the football season, as he broke his leg and therefore is not expected to be ready for action against Harding. If by any chance he is able to play he will be placed at Sanford Stern's guard position.

Geist is the tallest member of the tentative starting Bexley lineup, standing six feet two. Spencer is listed as an even six-footer, Pollock as five feet ten, and both Stern and Davies as five feet eight. However, you can't place too much reliance on basketball coaches' data given out before the season gets under way. The case of Jack Jennings, the gargantuan Columbus North center, is a perfect example of this. Jennings' height was given as six feet three by Coach Earl Hickman but one glance at the virile Polar Bear pivot man would convince you that he is at least six feet five.

Coach Boyher had no bones to pick with his charges after they dropped the two-point decision to the deceptive Columbus visitors. However, he pointed out many outstanding defects of the Prexy game which must be smoothed out by tomorrow night, or else. Bexley is reported to have too good a team to be beaten by the Harding five which lost to Columbus North. It would be asking a lot of Coach Boyher and his assistant Joe Petrich to bring out a big improvement in the Presidents by tomorrow night. Only two practices intervene between the North and Bexley clashes.

Probable Starters

Chuck Fazio, rugged center, is almost certain to start at that position against Bexley. He is the Presidents' most reliable pointman with 21 markers in two games in addition to serving as chief rebound worker. Fritz Guy, who dropped in eight points against North after giving an average account of himself against Delaware, and Rex Kilbourn are the tentative forwards. Elvin Beach and Stew Young probably will begin at the guard posts as in the first two Prexy starts. However, Bill Williams, the astonishing senior, may very well be selected for a regular guard position against Bexley. He scored six points against Columbus North and has almost established himself firmly in the President starting picture as a steady, dependable floor man good for pressure shooting when needed.

On the basis of their 1942-43 record, the Lions should run up as large a tally as they please against Harding. Last year, Bexley won 14 straight games during the regular season and then were bounced out of the district tourney by an inspired Delaware bunch.

In a game played at the Edison gym here last December, Bexley annexed a 37 to 29 verdict from Harding after trailing at the end of three quarters. The Lions had too much stamina and talented replacements for the fatiguing Presidents and batted out a decisive win.

Bexley Coach Smith was a team-mate of Harding's Dewey Boyher on the Ohio Wesleyan cage team of the early '20's. A rivalry naturally exists between the two former mates and for that reason look for a close tilt tomorrow. Gene Nechling, Capital university graduate, is assisting Smith with the Bexley courtmen.

WRESTLING

JACK BLOOMFIELD

A real treat in the form of a four-star battle royal program is in store for Marion mat fans at the Armory at 3:30 tonight.

Wrestling Promoter Les Fishbaugh has whipped up a really great gang fight in which Jack Bloomfield and Irish McGee will make their returns to the Marion pad after long absences.

But McGee and Bloomfield are only two of the competitors. In addition there are Whitey Walberg, Gil LaCross, Joe Ferona and last but hardly least, Dory Funk.

With this sextet the battle royal can hardly fail to be a thriller as predicted by Matchmaker Fishbaugh.—Adv.

Deny Redskin Gambling Rumor

By The Associated Press

WASHINGTON, Dec. 9—The Washington Redskins today were back in business—that of defending their world pro football championship — following indignant denials that gambling had anything to do with their recent reverses.

Coach Arthur J. (Dutch) Bergman scheduled a drill for all squad members except four players still laid up as a result of last Sunday's tussle with the New York Giants.

The Redskins lost that one, 14-10. It was a rough, bruising contest, and Andy Farkas, Wilbur Moore, Bob Masterson and Willie Wilkin are undergoing treatment for injuries. All except Moore, who is hospitalized, are expected to be in condition for next Sunday's bout with the Giants.

The Redskins must either win or tie with the New Yorkers in order to gain a berth in the playoff against the Chicago Bears late this month. The Washingtonians, with Slingin' Sammy Baugh in the starting role, rolled over all league oppositions until five weeks ago, then lost to the Philadelphia-Pittsburgh Steagles and the Giants. They also have been tied by the Steagles.

Last Sunday's defeat started a flood of gambling rumors which league officials brushed away as "pool hall gossip." George P. Marshall, owner of the club, said anyone accusing the Redskins of gambling on games was 'a liar." In Chicago, the office of Elmer Layden, pro football commissioner, said routine inquiries into the reports "turned up absolutely nothing" in the way of evidence.

"Hunk" Anderson, co-coach of the Chicago Bears and former Notre Dame mentor, declared:

"I saw the Giants play Washington in New York Sunday. It was such a viciously fought game that anybody would be crazy to say it was set up. Officials told me afterwards that it was one of the toughest games they worked all year."

Limit Hours To Check Absenteeism at Lorain

By The Associated Press

LORAIN, O., Dec. 9 — The regional war manpower commission's Director Robert C. Goodwin said today an order halting all overtime work on United States Navy and Maritime commission ship contracts at the Lorain yards of the American Ship Building Co. is "probably the first of its kind in the country."

The yard's general superintendent John E. Steinman declared the action limiting employes' working hours to 48 a week was designed to curb an average absenteeism of more than 600 work days. He added he acted with approval of government officials.

"Overtime hours have sent wages of Lorain ship builders to unprecedented heights and, in our opinion, the absentees figure they can take a couple of days a week off and still make good money," Steinman asserted.

Marion Student Star on Culver Football Team

A Marion youth has just completed a scintillating season as guard on the varsity football at Culver Military academy, Culver, Ind.

He is John Schaffner, son of Mr. and Mrs. Wilfred Schaffner of 245 St. James street.

As one of the outstanding linemen of the Culver eleven, Schaffner played a key part in his team's drive to the championship of the Midwest Prep School association. In winning the coveted title, Culver won five games, lost one and tied one.

Schaffner, playing right guard on offense and right half on defense, played in all but one quarter of Culver's seven-game program. He missed one period in the game with Purdue university's "B" team and that because of a minor injury.

He is considered a likely candidate for the all-Midwest Prep team which will be named soon.

Following is the record of the Culver varsity: Culver 38, Pullman Tech, Chicago, 0; Culver 6, Fenwick High school, Chicago, 18; Culver 0, Purdue university "B" 0; Culver 28, Lake Forest academy, Lake Forest, Ill., 0; Culver 18, St. Johns Military academy, St. Johns, Wis., 13; Culver 28, Park school, Indianapolis, 7; Culver 19, Weber High school, Chicago, 6. In compiling the record of five wins, one loss and one tie Culver rolled up a total of 137 points to 44 for their opponents.

Schaffner, a member of Harding High school's once-beaten 1941 team, turned in a standout performance in the game with the Purdue Jayvee team by recovering six of the seven fumbles made by Purdue. This alone was one of the principal factors enabling Culver to limit the strong Navy-propelled Purdue eleven to a scoreless tie.

The Marion youth is a first classman at Culver and will graduate in February. In addition to starring in football he gained a letter in wrestling. As a first year student last year he was a member of the Blackhorse troop, top riding unit at Culver. This year he was selected for Lancers, which includes the best 28 riders in the school. Likewise, he is near the top of his class in scholarship, at present, standing tenth.

Plenty of Oddities on '43 Grids

By The Associated Press

NEW YORK, Dec. 9 — A professional football player, going through the monotony of punting practice, fractured his skull by kicking himself in the head.

That incident wins for Clint Wager of the Chicago Cardinals a pair of spaghetti goal posts as the hero in the whackiest piece of gridiron drama during 1943.

Just as Wager was about to boot the ball, he was called by a teammate. Instead of turning his head, Wager bent forward and his knee crashed into his forehead.

Beardless college freshmen, substituting for the older athletes gone off to war, were expected to finish one-two-three in The Associated Press' annual "Football Zanies" but couldn't oust either Wager or Jimmy Cain, former University of Washington halfback but now an official [illegible] top billing.

Cain, donning his referee's uniform before going out onto the field for a Pacific Coast game, commented that "these things certainly shrink nowadays" as he was tempted to slip into what he thought was his sweat shirt. It actually was his 22-months-old daughter's missing nightgown.

The 1943 campaign also presented the sight of an Iowa Pre-Flight back going down the line stride for stride with an Iowa State ball carrier and encouraging the collegian in his touchdown run.

Girls also gained their spots in the football picture with schoolmistresses taking over coaching jobs, Agnes Rifner of New Castle, Ind., joining her high school team

Launching An Idea—When the New York boxing writers met yesterday to award the Eddie Neil Memorial trophy it was suggested that an effort be made to have his name included among the sports celebrities and war correspondents for whom Liberty ships have been named. . . . To those of us who knew Eddie and worked with him it seemed that nothing less than a battleship would do until a letter was read from Mrs. James J. Corbett in which she said that if the former heavyweight champion were alive nothing would please him more —not even winning the title from John L. Sullivan—than having one of these ships carry his name. . . . As Eddie Neil probably would have said: "Anything good enough for Jim Corbett is good enough for me."

Service Dept.—Marine Lieut. Bob McLaughry, son of the famous football coach, Major "Tuss" McLaughry, a pretty fair gridoperative himself, claims that bombing is a lot like forward passing because: "All you have to do is hit the receiver." . . . Bob recently arrived in the South Pacific, where he may encounter his brother John, a second lieutenant in the Marine infantry. . . . Tops in praise of Army football is an item by Sgt. Sol Gary of the Camp Davis, N. C., "A. A. Barrage." Sol tells of a soldier who wrote his girl: "Sure honey, I miss you but on Saturday afternoons you'll really have to excuse me. We've got a pip of a football team and I must give it all my attention."

and making various attempts to place kick extra points and two gorgeous ticket sellers at the Columbia of Pacific allowing a stranger to talk them out of a $1,000 each "to take to the office for change."

As if it were planned, the best collection of oddities was unfurled on Nov. 13.

That's the day Billy Andrews, Texas' water-boy, kicked two extra points for the Longhorns; Navy defeated Columbia in the absence of both head coaches; North Carolina spilled Pennsylvania as both teams wound up with a minus yardage on forward passing; Elroy Hirsch hobbled off the Michigan bench while Coach Fritz Crisler wasn't looking to win a bet by scoring against Wisconsin; and Illinois lost to Ohio State in the "fifth" quarter.

Masaryk Says America Not To Be Santa Claus

By The Associated Press

YOUNGSTOWN, O., Dec. 9—European nations do not expect the United States to become "a permanent Santa Claus," declares Jan Masaryk, foreign minister of Czechoslovakia.

In an address last night, the son of the founder of the Czechoslovak republic asserted nations under Nazi domination ask no more than "one chance to get started again."

"We want nothing more than help to get on our feet. Nothing is further from the truth than to say that Europe looks to the United States as a permanent Santa Claus."

Masaryk predicted the war in Europe would end next year but warned "the last few months of the battle will be terribly hard.

5 Deer Bagged In Ohio During First Two Days of Season

By The Associated Press

COLUMBUS, O., Dec. 9— Conservation officials estimated today that 75 deer had been bagged by hunters during the first two days of Ohio's initial deer season in 80 years.

Ellis, assistant chief of the management section, said were checked out of Salt-Snowdon Game Farm and estimated that a others had been shot sanctuary in Scioto, Pike counties. Thirty-one bagged Monday, in the preserve.

Records 466 hunters admitted to the preserve by 10 a. m. yesterday. As a safety precaution the preserve hunting area was limited to 625 acres. Nearly 100 were turned away Monday and the quota was filled Tuesday, but officials predicted it probably would not be reached again until Saturday. No hunting will be held Sunday and the season ends Dec. 18.

About a dozen antlers souvenir deer in the 50,000 acre preserve but none of them reported success, Ellis said.

He described deer hunters as the "most orderly hunters I've seen," and said no accidents had been reported and no arrests made.

Portsmouth sources reported the largest deer shot to date was a 250-pound 10-point buck bagged by Wilbur Wilkins of Shelby.

Complete checks of each deer taken showed all to be in good health, said Robert L. Rausch, research assistant at Ohio State university's wildlife station.

Former Marion Man Checks on Deer

The Robert L. Rausch who is quoted above about the healthy condition of the deer bagged on Ohio's first deer hunting season in half a century is a former Marion man. He also received widespread publicity in recent years in connection with his unusual hobby of collecting live snakes.

As a high school youth in Marion, he had a sizeable pen of snakes at his home. At Ohio State university as a student, he continued to keep up his unusual hobby, caring for snakes to better study their habits.

Today's news dispatch was the first announcement received here of his appointment as research assistant at Ohio State university's wildlife station.

U. S. Troops Getting Huge Volume of Christmas Gifts

By The Associated Press

ALLIED HEADQUARTERS, ALGIERS, Dec. 9 — American troops in Italy, Sicily and North Africa are getting their Christmas gifts—an estimated 5,000,000 parcels—with the help of trucks, jeeps, planes, amphibious "ducks" and even pack mules and former Italian prisoners of war.

Headquarters said today the Army postal system, under a deluge of more than a third of a million bags of holiday gift packages weighing about 30,000 tons, had done more business in the last six weeks than in the entire preceding year of the North African campaign.

Throughout the Mediterranean area, former Italian prisoners now organized into special labor battalions are helping transfer the mail sacks from ships to trains, from freight cars to trucks, and then on to the troops.

In one instance, an overworked mail sent a couple of amphibious trucks to operate the sands. Christmas parcels were and on the [illegible] bring gifts over, while [illegible] lam trails to combat units who cannot be reached by any vehicle.

CAN'T KEEP GRANDMA IN HER CHAIR
She's as Lively as a Youngster—Now her Backache is better
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, lose of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

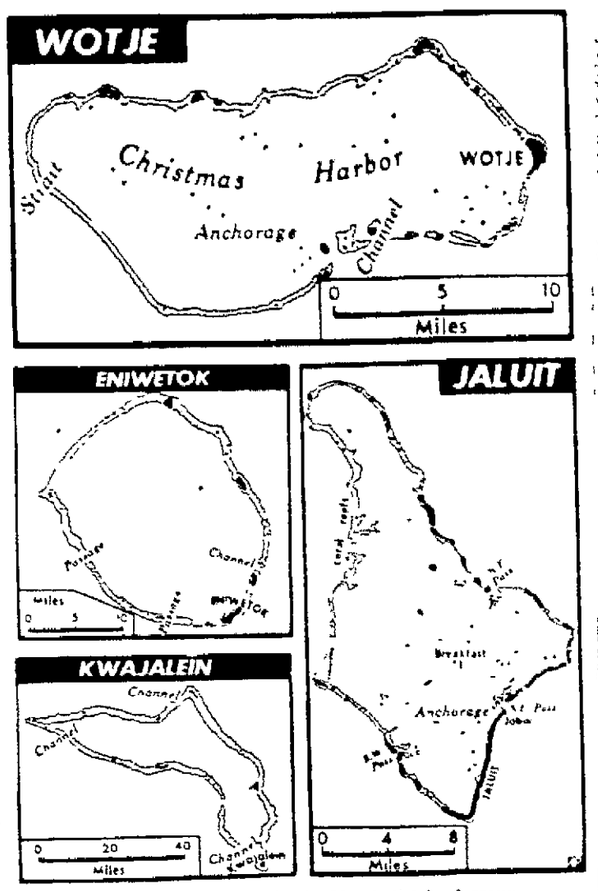
Marshall Islands—They Are New U. S. Target in Pacific



Four major objectives in the Marshall Island group.

By JOHN L. SPRINGER
Associated Press Writer

With the clearing up of Jap garrisons in the Gilbert island group American forces have turned their attention to the enemy in the Marshalls with a carrier task force attack announced today. The Navy reported six enemy ships sunk and 72 planes shot down.

This group previously had been battered heavily by the big U. S. bombers. It includes 32 pin-point island and 800 reefs with a total estimated area of 160 square miles and a pre-war population of 10,000—largely Christianized by Protestant and Catholic Negro mission teachers. Although previously touched by other travelers, it was first explored by Captains Gilbert and Marshall in 1788.

Developed as a whaling center, the Marshalls were annexed by Germany in 1886 and became the hub of intense trade rivalry between German and Australian business interests. The sandy soil—never more than 35 feet above sea level—is not conducive to agriculture, but the islands have many coconut palms, breadfruit trees, and several varieties of bananas. Animals are scarce, but many kinds of fish abound on the reefs. Copra was a leading peacetime export.

Highly strategic in Pacific warfare, the Marshalls headquartered German supply forces during the early days of World War I and were developed to serve as a repair base for warships. Soon the Japanese moved in, however, and later got the group under mandate. They are believed to have made extensive improvements which, since 1935, they kept completely secret.

Key base is the Jaluit lagoon, about 35 miles long and 12 miles wide, and the administrative center of the chain. It has many broad channels through which big ships can pass, serves as an anchorage, and has bases for both sea and land planes.

The value the U. S. places on Jaluit, Wotje, Kwajalein and Eniwetok and other islands in the group is highlighted by the fact that they were the objectives on one of the earliest American raids in the war, on Feb. 1, 1942.

ARMY SUPPLY JOB BIG ONE

Providing Necessities for Millions of Soldiers Requires Expert Handling.

By JACK STINNETT

WASHINGTON—When a chap in the Army quartermaster corps told me the other day that the Army had to have nine months' supply of food on hand for every soldier overseas and three months' supply for every one in this country, I got to worrying about the problem that Army buyers are up against.

What I found out is that they are up against something that makes the housewife's struggle with ration points seem like kindergarten stuff.

Don't ask me why they have to have all those supplies on hand but they do and can prove it and there-in lies the first of the problems — overbuying or underbuying. The Army has recently released for public consumption large stocks of butter and grapefruit juice, to mention only two items (they've also released a lot of wool). Those are cases of overbuying. For cases of underbuying (they're darn few as yours would be too if you had billions to spend) you'll have to ask the boys in service what they don't get.

But these are errors in judgment. It's the day-to-day buying to fill known demands that drives the supply boys crazy. To them a pair of shoes isn't just a pair of shoes; it's 13 different articles that go into them; it's grain hides for uppers, another hide for soles, sheepskins for heel pads; reclaimed rubber for heels; crude rubber for sole laying compound; strip steel for eyelets, and so on and on.

Just a Starter

Having broken the shoes down into their component parts is just the beginning. The next problem is to find the raw supplies. In a recent six-month period, the Army shoe buyers bought up nearly 4,000,000 hides. Do you wonder that shoes are rationed for civilians?

The next problem, of course, is to get the article manufactured and see that the manufacturer gets his supplies when they are needed. The order then has to be broken down into about 100 different sizes. Having too few of one size may send men into battle crippled. Having too many is waste.

Then the problem comes up as to how long they will last. For every war and even different theaters of this global war, that varies. The Army has it figured out that a pair of shoes will last six to eight months in this country; three to four months in the fields of operation.

A canteen will last about three years in training in this country, but only half that long overseas in combat. A wool shirt is good for nine months here, but only four or five months in combat areas.

Those are just a few items. There are more than 75,000 such which are required to keep our Army fed and clothed (which has nothing to do with arming them) and every one has to be figured down to the gnat's heel and adequate stocks built up to allow for any emergency.

A soldier in the South Pacific may struggle along a few days without a shirt, but one in the Aleutians without an overcoat is pneumonia bound.

One important phase of the supply problem or rather the solution of it is now rehabilitation. It's too much of a subject to go into, but a hint of what it means to the taxpayers takes me back to shoes. The Army estimates that 7,500,000 pairs will be reclaimed next year from those partially worn out.

If the Army bobbles on some of its shopping, any good housewife will be able to understand why.

Air-WAC Recruiters Coming

Second Lt. Dorothy Dimmitt and Sgt. Herman K. Bullock, Army Air Corps with the Air-WAC recruiting team are shown above standing beside a CAA patrol plane.

* * *

Arrangements were being made today for the arrival of a special Army Air Forces recruiting team that will be in Marion tomorrow afternoon through Monday to enlist air-minded women in the WACs to serve with the Army Air Forces. Headquarters will be established in the Marion WAC recruiting station in the postoffice. An information booth also will be set up in Uhler's Department Store, Lt. Arleine G. Sears, public relations officer, announced today.

The team consisting of Lt. Orval Kane, Lt. Dorothy Dimmitt, Sgt. Herman K. Bullock, Lt. J. Tepper and Sgt. John Lewer, will arrive in Marion tomorrow afternoon.

This is the first time since the organization of the corps that women have been able to enlist with the assurance that they would be placed with a special training branch.

Requirements are the same as for the regular WAC but the air service offers a number of jobs that have been previously banned. One of the jobs attractive to a number of women is that of aerial photographer.

A number of personal appearances of the recruiting officers have been scheduled before the team leaves for Springfield, on Monday.

Gra-Y Loop Lead Held by Greenwood

Greenwood is in first place in the "A" division and Oakland and St. Mary's with one victory each, are tied for first place in the "B" division as a result of Gra-Y league basketball games played at the Y. M. C. A. Wednesday afternoon.

In "A" division games the league leaders defeated George Washington, 20-4, and Glenwood trimmed Forest Lawn, 24-8. St. Mary defeated Silver, 8-4, and Pearl posted an 18-10 decision over Oak in "B" division games.

Renegotiation Bill Taken Up in Senate

By The Associated Press

WASHINGTON, Dec. 9 — The senate finance committee, having whacked $190,000,000 off the house-approved tax bill today took up amendments designed to ease the impact of contract renegotiations on suppliers of war material.

Chairman George (D-Ga.), who has advocated repeal of the entire price adjustment legislation, asked treasury officials and experts on the staff of the joint committee on taxation to analyze the renegotiation amendments inserted in the bill by the house.

Under those amendments, contracts of less than $500,000 would not be subject to renegotiation (it's $100,000 now); a central war contracts price adjustment board would be created, and contractors dissatisfied with adjustment of terms would have the right of court appeal.

Allies Improve Position After Two Conferences

By DEWITT MACKENZIE
Associated Press War Analyst

When you put the microscope on the unqualified allied decisions of Cairo and Teheran to smash Japan and Germany, it becomes apparent that the United Nations have been maneuvered into a highly advantageous position both as regards the conduct of the war and the enforcement of the peace.

That is to say, the fact that the allies didn't call on enemy peoples and sue for peace—as Nazi Propaganda Minister Joe Goebbels expected—has cleared the way for a complete house-cleaning. If the allies stick to this grim formula there will be no armistice, no bargaining, no escaping punishment. The way things stand our enemies have a choice of these alternatives:

1. A fight to a bloody finish
2. Unconditional surrender, which means holding their noses and swallowing any medicine we hand 'em.

Under either alternative we shall have avoided the allied mistake of 1918, when we agreed to an armistice and as a result got a half-baked peace which was bound to result in another war. I dare say that right now the allies could get a similar bid for peace from the German people by angling with appeasement bait, but the edicts of Cairo and Teheran seem to mean that we don't want bids thus purchased.

Situation in 1918

You will recall that in the last war the German army and people took things into their own hands, when the going got nasty, and asked for peace. This move was based largely on President Woodrow Wilson's famous fourteen points—laid down on January 8, 1918—and the shrewd idea that allied idealism would soften the blow of capitulation.

The result was an armistice which protected the reich from physical punishment, and at long last resulted in a treaty which couldn't be fully enforced on an embittered people who still were full of fight although temporarily disarmed. I saw the German delegation come out of the palace at Versailles after signing the treaty, and you knew from the look on their faces that world war number two already had started.

We could have had a real peace then by coupling Wilson's fourteen points with an unconditional surrender which would have sent allied troops of occupation marching through Unter Den Linden. We now have the Atlantic charter and the four freedoms as assurance of justice for all—but this time the allies are going to see that their just peace isn't sowed on stony ground.

May Mean Longer Fight

This program of carrying the war through to a finish may mean fighting somewhat longer. By ensuring lasting peace, however, it will be immeasurably cheaper in lives, material resources and disorganization of society.

Of course, if the enemy should suddenly offer unconditional surrender, the allies would have to accept it. It's in the cards that the Hitlerites may adopt this course when invasion of the reich draws near or the bombing gets too hot. However, this will merely mean a wholesale military occupation of Germany for a long period, during which the allies will use the knife on Hitlerism and Prussian militarism, punish war guilt, and in one way or another persuade the German people into ways of peace and civilized practices.

While it may seem bitter not to hand the German people engraved invitations to sue for peace, there would seem to be no reason why we shouldn't encourage Hitler's satellites to abandon him. They are in a somewhat different category—bad lads but more sinned against by the Nazi gangster than sinning.

Bulgaria, Rumania and Hungary all have been trying to escape Hitler's clutches for a long time. Turkey's further swing towards the allies already is having its influence on the panicky Balkans, as witness the Bulgarian parliament's present anxious consideration of the crisis. These little countries are terrified that they may get caught in an allied-Turkish drive up through the peninsula. Under those conditions there's nothing to be lost in encouraging them to quit, thereby pulling the props from under the fuehrer in southeastern Europe.

The satellites will get their punishment, but Germany is the seat of evil in Europe.

Local Boards To Take Over Ration Book Three

Beginning Dec. 15, War Ration Book Three will be issued only through local War Price and Rationing Boards. No more applications are to be sent to the state mailing center at Columbus after Dec. 7.

The state control center has been receiving an average of more than 1,000 applications a day for Book Three and issuing about 400 replacements a day from the local boards. These new applicants from persons discharged from military service, those discharged from hospitals and prisons, and persons who neglected to apply for Book Three for one reason or another.

While the state control center will no longer issue these rations, a central file for Book Three will still be maintained at Columbus and boards will continue to forward cards showing issuance of Book Three to new applicants and replacements.

Mustering-Out Pay Bill Up in House

By The Associated Press

WASHINGTON, Dec. 9—In a sudden burst of speed, the house military committee drove ahead today with hearings on mustering-out pay legislation for service men and women. House passage by tomorrow is the goal sought by Chairman May (D-Ky).

The committee met today to hear the last three witnesses, representing the Army, the Navy and the American Legion. Both the service departments were expected to approve the principle of the measure and American Legion spokesmen said they also would endorse it, with a request that discharge pay be based on length of service.

While almost a score of bills are before the committee only two, both introduced by May, are being considered. Both provide for a top of $300 in mustering-out pay. One would pay that amount to everyone honorably discharged, provided he does not rank higher than captain in the army or lieutenant (SG) in the navy, and is not eligible for retirement pay.

BOND DRIVE ADVANCES

AKRON, O., Dec. 9—The "Bombs for Tokyo" bond drive, sponsored by the Junior Chamber of Commerce on the second anniversary of Pearl Harbor has reached $3,124,043 in two weeks, Jerry Miller, war bond chairman said the organization's state wide goal was $6,000,000.

KILLED BY SUN BLAST

LOGAN, O., Dec. 9—Prosecutor Harley Meyer reported Daniel M. Wyne, 41, of South Bloomingville was killed by a shotgun blast fired from a gun held by his wife, Bessie, 38, and daughter, Lucille, 17, after Wyne came home intoxicated and threatened them. Neither woman was taken into custody.

'Cotton Ed' Sees Time Ripe for Party Purging

By The Associated Press

WASHINGTON, Dec. 9 — [illegible] the assertion that [illegible] to do some purging." Senator Ellison O. (Cotton Ed) Smith (D-SC), speaking [illegible] to wave anew the banner of the independent [illegible] party.

The South Carolina Democrat, dean of the senate [illegible] 35 years' [illegible] one thinks the [illegible] for formation of a new national party of the [illegible] earlier in the week by Senator Bailey (D-NC).

"The south is sick and tired of being kicked around in the Democratic party," Smith said. "I believe Senator Bailey has hit the nail on the head when he says we could form our own Democratic party and hold the balance of power in the electoral college."

Smith, unsuccessfully marked for defeat by the administration in the 1938 primary election, said he thought it time changes were made in the controlling faction of the Democratic party.

"Harry Hopkins seems to be the chief cook and bottle washer of the party and I don't like his cooking," Smith declared.

If the South Carolinian succeeds in bringing his views before the senate, he may touch off another round of rough and tumble debate such as that of Tuesday when Senator Byrd (D-Va) demanded that Senator Guffey (D-Pa) retract his charge southern Democrats had joined with Republicans in an attempt to keep service men from voting in the 1944 presidential election by killing the administration's war ballot bill.

Guffey has offered his resignation as chairman of the Democratic senatorial campaign committee—a move Byrd demanded—but has not publicly withdrawn charges that the southerners joined in an "unholy alliance" with Republicans to push through the senate a substitute measure by which the states would be called upon to facilitate voting by uniformed personnel.

Guffey's resignation, first offered about two months ago but later tentatively withdrawn, is expected to be acted upon next week. Among those mentioned as a possible successor are O'Mahoney (D-Wyo) and Hatch (D-NM).
